Special Topics Writing Competition

This year's theme: "Contiguous and noncontiguous operations: pivoting to U.S. Indo-Pacific Command—the Army's role in protecting interests against adversaries who can contest the U.S. joint force in all domains."

Articles will be comparatively judged by a panel of senior Army leaders on how well they have clearly identified issues requiring solutions relevant to the Army in general or to a significant portion of the Army; how effectively detailed and feasible the solutions to the identified problem are; and the level of writing excellence achieved. Writing must be logically developed and well organized, demonstrate professional-level grammar and usage, provide original insights, and be thoroughly researched as manifest in pertinent sources.
