CAC/EUA e Assessor da Edição Hispano-Americana*
Cel Sergio Luiz Goulart Duarte,
*Oficial de Ligação do Exército Brasileiro junto ao
CAC/EUA e Assessor da Edição Brasileira*

2 Manual de Campanha 3-07, Operações de Estabilidade: Aumentando a Velocidade da Mudança

*General William B. Caldwell IV, Exército dos EUA e
Tenente-Coronel Steven M. Leonard, Exército dos EUA*

A publicação do Manual de Campanha FM 3-07, Stability Operations (Operações de Estabilidade), nos meses vindouros, reconhecerá e enfatizará a extrema importância da abordagem do “conjunto do governo”, essencial para alcançar o sucesso sustentável numa era de conflito persistente. Essa postura é chave para operar num futuro incerto à nossa frente.

11 Persuasão e Coerção nas Operações de Contra-Insurgência

Andrew J. Birtle, Ph.D.

“É evidente”, comentou o Secretário de Guerra Elihu Root no fim da Guerra das Filipinas, “que se pôs termo à insurreição tornando a guerra penosa e inútil por um lado e a paz atraente por outro.”

21 Legitimidade e Operações Militares

Tenente-Coronel James W. Hammond, Forças Armadas Canadenses

Para obter sucessos de longo prazo, os EUA devem executar todas as operações militares com o conceito de legitimidade em mente.

35 Desgaste: O Esgotamento do Estado-Maior

Major Stephen H. Bales, Exército dos EUA

Os comandantes devem tomar iniciativas proativas para aliviar as condições que causam a perda da eficiência máxima por parte de seus estados-maiores.

41 A Única Superpotência em Declínio: A Ascensão de um Mundo Multipolar

Shri Dilip Hiro

Um autor de renome afirma que estamos testemunhando a ascensão de um mundo multipolar no qual novos poderes desafiam os diferentes aspectos da supremacia norte-americana.

47 Estendendo a Mão: Parceria com a Mídia do Iraque

*Tenente-Coronel Frank B. DeCarvalho, Exército dos EUA
Major Spring Kivett, Exército dos EUA e
Capitão Mathew Lindsey, Exército dos EUA*

Desde o começo das operações de combate no Iraque, em março de 2003, a mídia disseminou inúmeros artigos e reportagens relacionados com a guerra, alcançando não só os cidadãos americanos e famílias militares nos EUA, mas também uma comunidade internacional interessada em avaliar o progresso da coalizão.

57 O Gerenciamento do Conhecimento pela Força Geradora

Tenente-Coronel E.J. Degen, Exército dos EUA

A Guerra Fria deixou o Exército acomodado com um processo doutrinário pensado, metódico e demorado. Hoje, porém, o ritmo operacional acelerado da Guerra Contra o Terrorismo nos força a olhar com honestidade e a fundo o modo como coletamos, analisamos, discutimos, codificamos, escrevemos e disseminamos a doutrina.

68 Um Passado Turbulento: O Exército e a Segurança na Fronteira Mexicana, 1915-1917

Thomas A. Bruscano Jr. Ph.D.

Em junho de 2006, os Estados Unidos enviaram forças militares à fronteira sul para ajudar a deter a onda de imigração ilegal do México.
